Turn Things Inside Out

BrandInk is proud to be the first supplier in the promotional products industry to have manufactured an inverted umbrella. Now, four years later, we have three different sizes of this incredibly popular style.

#800FCDC

Style 800IN - The Rebel

The Rebel is as close to the original inverted umbrella as you can get. This fashion forward umbrella is both eye-catching and hyper functional. It opens manually, but has an auto-close feature to make it easier to get into a car and stay dry. Plus, it stands up after use to drip dry.

- 48" Arc
- Double Cover
- Manual Open, Auto Close

Get extra creative! The 800FCDC has the same functions as the 800IN, but allows you to print the entire interior canopy with edge-to-edge printing.

Style 900IN - Rebel XL

- Extra Large 58" arc

- Manual Open/Close

Style 2366INV - The Renegade

There is much more than meets the eye with this umbrella. The 2366INV, or The Renegade as we like to call it, is super compact for easy transport. It also has the same inverted functionality as its larger counterparts, but is way more discreet about it. Want to see the Renegade in action? Scan the QR code below to watch a slow mo video of this bad boy in action.

- 46" Arc
- Auto Open/Close
- Folds down to 12" when closed

Style 2410FCSO

The 2410FCSO is a single cover fashion umbrella. The design is printed over the entire canopy with a reverse/mirror image showing through on the interior.
48" arc

Style 2410FCDC

Double the cover, double the fun! Built on the same frame as the 2410FCSO but with a two-layer canopy. Pricing includes full color design on the inside cover so it shows underneath the canopy when the umbrella is open. Pricing also includes an up-to-two color imprint on one outside panel.
48" arc

Style 2351FC

Built on one of our most popular wind-reflex frames, the Full Color Folding is a single cover umbrella that folds closed to 15 1/2" for portability.
